

Tiger Fishing – Komatipoort

For the avid fisherman, tiger fishing in Komatipoort is an absolute must. Battle these beautiful beasts in the Komati River with the instruction of a local guide.

Trips start at 05:30 in the morning and last until about 11:30. Guests are collected at the Sasol Garage in Komatipoort and dropped off there again afterwards. Guests are escorted by a very knowledgeable guide (on a boat), on a private stretch of the Komati River and from there on, shown the techniques and skills needed to catch South Africa's fastest fresh water fish.

The cost per person includes rods and reels, instructions, the use of the boat and also bait. Guests are advised to supply their own water (lots of it), as the day will get hot. After the fishing instruction, guests will return to Buhala Lodge for a light lunch (for guests own account).
